

Paper Lantern project brief

Synthetic workshop plan • Version 1 • September 7, 2026

Purpose and audience

Paper Lantern is a fictional community workshop for 24 participants on September 19, 2026, from 14:00 to 16:00. The aim is to practice making a small paper lantern using shared tools and reusable supplies. The venue remains pending. Bring your curiosity, not expensive equipment.

The organizer will publish a booking update on September 10. The session is free, and four volunteers will support the group. This brief is a formatting fixture, not an invitation or an operational event announcement.

Budget and materials

The budget ceiling is USD 180.¹

Item	Amount (USD)
Paper and reusable frames	120.00
Lighting supplies	45.00
Returned supplies credit	-15.00
Total after credit	150.00

Do not turn the credit into a positive charge. Keep the currency, decimal precision and total intact.

¹Synthetic budget only. The USD 180 ceiling excludes donated materials; it is not a real expenditure.

Handover and references

Count supplies against the signed inventory before collection. Photograph damaged items, resolve discrepancies with the coordinator, and stop the handover if the inventory does not agree. Both people sign only after the quantities match. Store a copy of the signed list.
